Professional Aluminium Lifting Equipment

2 Ton High Performance

Aluminium Service Jack

NSJ0202

- Height range: 3.5" to 19.5"
- Ultra light aluminium construction at just 53 lbs.
- Powerful and compact, lifts small to midsize vehicles
- Rubber Saddle Pad
- Nylon non-marring casters and wheels
- Padded side handles for easy carrying
- Foam handle bumper protects against scratching or dinging vehicles
- Perfect for road side emergencies or garage use

3 Ton High Performance

Aluminium Service Jack

NSJ0302

- Height range: 3.75" to 19"
- Ultra light aluminium construction at just 58 lbs.
- Powerful and compact lifts a wide range of vehicles from sports cars to trucks
- Rubber saddle pad
- Nylon non-marring casters and wheels
- Padded side handles for easy carrying
- Foam handle bumper protects against scratching or dinging vehicles
- Perfect for road side emergencies or garage use

ULTRA High Performance

Professional Aluminium Lifting Equipment

1.5 Ton Aluminium Service Jack NSJ0101

- Height range: 3.4" to 14.75"
- Ultra lightweight aluminium construction at just 29 lbs.
- Safety valve prevents overloading
- Dual pump for rapid lifting
- Universal joint release mechanism provides precise control
- 2 Piece handle with bumper pad
- Side handles for easy transporting
- Complies with the ASME PALD 2009 Standard

2 Ton Aluminium Service Jack NSJ0201

- Height range: 3.5" to 19.5"
- Ultra light aluminium construction at just 49 lbs.
- Powerful and compact, lifts small to midsize vehicles
- Rubber Saddle Pad
- Side handle for easy carrying
- Foam handle bumper protects against scratching or dinging vehicles
- Perfect for road side emergencies or garage use
- Complies with the ASME PALD 2009 Standard

3 Ton Aluminium Service Jack NSJ0301

- Height range: 3.75" to 18.125"
- Ultra light aluminium construction at just 58 lbs.
- Powerful and compact lifts a wide range of vehicles from sports cars to trucks
- Rubber saddle pad
- Side handle for easy carrying
- Foam handle bumper protects against scratching or dinging vehicles
- Perfect for road side emergencies or garage use

Lightweight Construction

Officially Licensed Products

Professional Aluminium Lifting Equipment

3 Ton Post Aluminium Jack Stands

NJS0301

- Min. Lift Height: 10.6 in
- Max. Lift Height: 15.4 in
- Super lightweight and portable
- Durable aluminium tubing and base
- Flanged top keeps load in place
- Secure load in multiple positions
- Complies with the ASME PALD 2009 Standard

3 Ton Ratcheting Aluminium Jack Stands

NAJS3T

- Min. Lift Height: 11.5 in
- Max. Lift Height: 16.5 in
- As strong as traditional steel jack stands at less than half the weight
- Ratcheting arm allows for easy height adjustment with locking handle
- Complies with the ASME PALD 2009 Standard

NOS and the NOS logo are registered trademarks of Holley Performance Products Inc.

Lightweight Construction

LED Lighting Products

Positionable Worklights Rechargeable

- Long runtime
- High lumen output
- Dual functions (worklight and tasklight)
- Rubberized comfort grips
- Extendable positioning hooks

Aluminium Flashlights Ultra durable design

- Long runtime
- High lumen output
- Rubberized comfort grips with NOS logos
- Legendary CREE Led® power

Dual Function Tasklights Compact and powerful

- Combine worklight and tasklight functions
- Long runtime
- High lumen output
- Rubberized coating
- Various sizes
- Also available in multipacks

PowerBlock Worklights High light output

- Variable brightness model available
- Long runtime
- High lumen output
- Rubberized coating
- Also available in multipacks

Super Bright / Long Lasting

Officially Licensed Products

Power Inverters

Slimline Inverter 130 Watts / 1 AC / 1 USB

Specifications

Max Continuous Power:	130W
Peak Load Power:	260W
No Load Current Draw:	<0.09A
USB output:	5V/2.1A
Waveform:	Modified Sine Wave
Input DC Voltage Range:	DC 12V
Output Voltage Range:	115V+/-10%
Output Frequency Range:	60+/- 3HZ
Max. Power Efficiency:	>90%

AC Power

USB Power

Xtreme USB

2.1 amp quick charge port

Charges electronics twice as fast as other USB ports!

Power Inverter 400 Watts / 2 AC / 1 USB

Specifications

Max Continuous Power:	400W
Peak Load Power:	800W
No Load Current Draw:	<0.3A
USB output:	5V/2.1A
Waveform:	Modified Sine Wave
Input DC Voltage Range:	DC 12V
Output Voltage Range:	115V+/-10%
Output Frequency Range:	60+/- 3HZ
Max. Power Efficiency:	>90%

AC Power

USB Power

Xtreme USB

2.1 amp quick charge port

Charges electronics twice as fast as other USB ports!

Household power anywhere!

Officially Licensed Products

Vehicle Jump Starters

Racing Jump Starter ***EHP Battery with Racing Gauges***

- 1,000 Peak amps
- 400 Cranking amps
- 37 in 4 Ga. heavy duty cables
- 12V DC Outlet
- 160 PSI Air Compressor
- Integrated LED Work Lamp
- Automatic built-in charger

Vehicle Jump Starter ***EHP Battery with Extra Long Cables***

- 1,000 Peak amps
- 400 Cranking amps
- 46 in 4 Ga. heavy duty cables
- 12V DC Outlet
- Integrated LED Work Lamp
- Automatic built-in charger
